# Naming to help with breakouts

If you are with a larger group of  
people in a meeting room.....

**SD# SD name - TEAM**

If you are joining the call with a  
colleague.....

**SD# SD name – *your names***

If you joining the call from a laptop  
from home or your office by  
yourself.....

**SD# SD name – *your name***

Hello  
my name  
is

How am I showing  
up today?

Reflections on  
the CSL work with  
your team since  
our last session?

## Team or Circle Agreements

Creating a container of trust, compassion, respect and honesty with your SEY2K team

Inviting new folks to the conversation

# System Map

A visual representation that displays the relationships within an organization or system. It illustrates how the elements interact to achieve a specific objective.

“Every system is perfectly designed to achieve exactly the results it gets.”

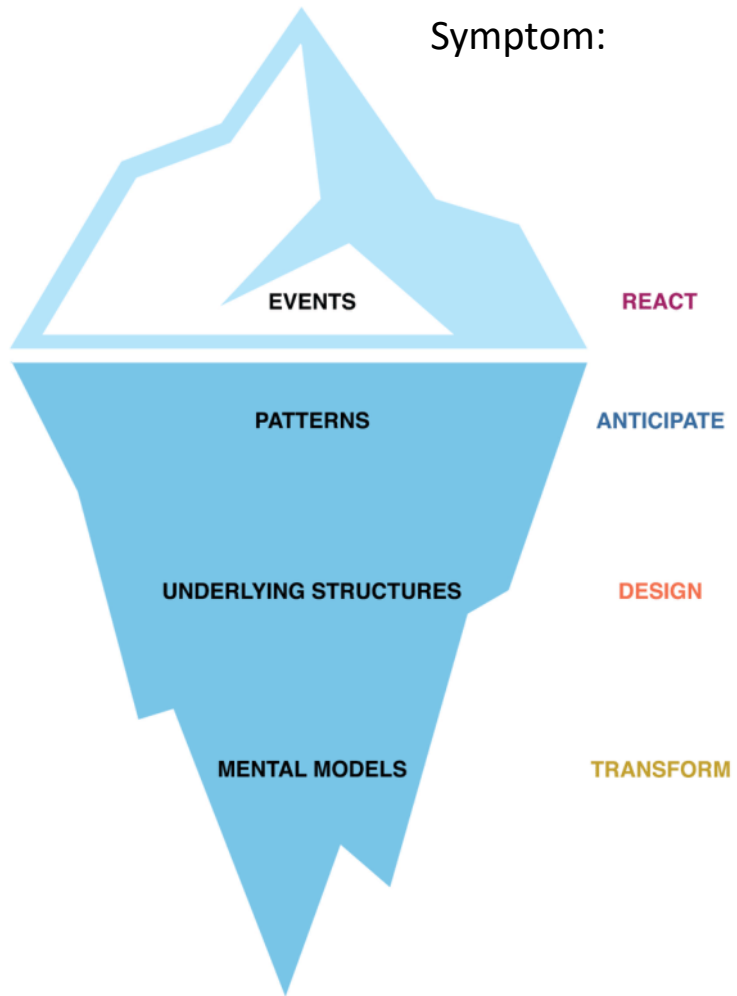

~ W. Edwards Deming

MENTAL MODELS

*“Mental models are deeply held internal images of how the world works, images that limit us to familiar ways of thinking and acting. Very often, we are not consciously aware of our mental models or the effects they have on our behavior.”*

*Peter Senge*

# THE SYSTEMS ICEBERG

MENTAL MODELS

Mental models are deeply held internal images of how the world works, images that limit us to familiar ways of thinking and acting.

*What are some of the mental models that might be impacting on children's readiness?*

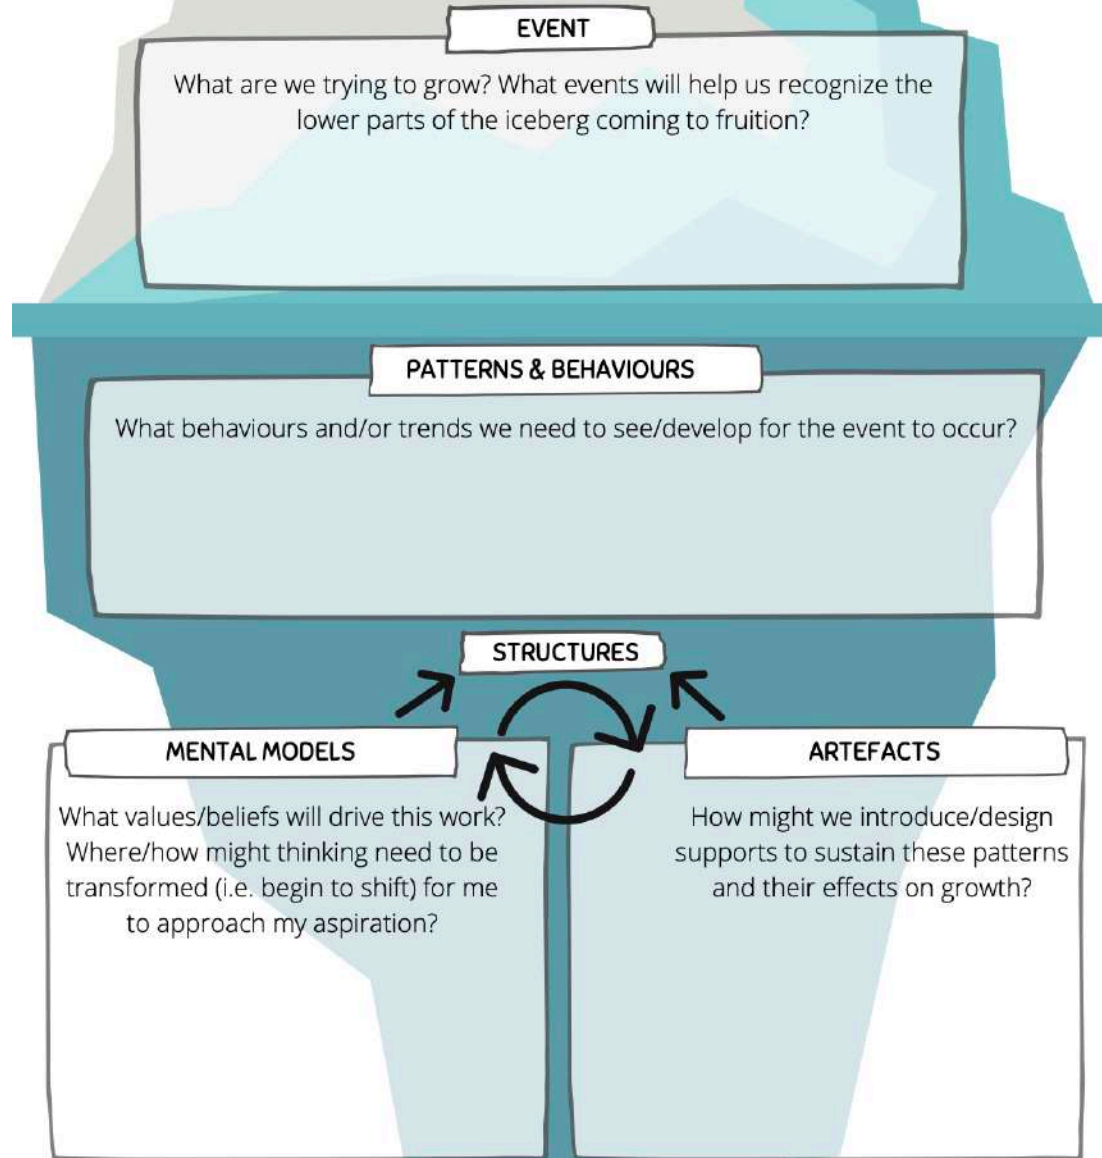

What resonates with you about the iceberg model?  
What might be some of the structures and processes and mental models that are impacting on children's readiness?

# Developing an Aspirational Iceberg

Use this tool to help you work through the patterns, structures, and mental models that might help you move towards an aspiration you hold for yourself.

CENTER for  
SYSTEMS AWARENESS

February 13th, 2025  
8:30 a.m. Pacific Time

## For Next Time

- Discuss the mental models that you hold in your team, and what kinds of mental models may facilitate more progress?
- Build your iceberg – a problem based and an aspirational iceberg
